

YR1 Home Learning Activities – Maths Set 3

Fraction fun

Explore fractions by colouring shapes.

A half is one of two equal parts.

Colour half of these shapes in one colour and half in another.

Let's do this!

Colour half of these grids in three different ways.

e e

Challenge

Can you create your own shape for your friends or family to find half of?

YR1 Home Learning Activities – Maths Set 3

Grouping

You will need 30 small objects. You could use buttons, cubes, pasta shapes, coins etc...

First, take 4 of your objects and make 2 equal groups.

How many are in each group?

What other equal groups can you make with 4 objects?

Let's do this!

Do the same with a different number of your objects. What do you notice?

If you have more objects, will you always be able

to make more groups?

Now, take 6 objects and see how many equal groups you can make.

Are there any groups that you cannot make?

 $\hat{\bullet}$

YR1 Home Learning Activities – Maths Set 3

Find my way!

Use the language 'left turn', 'right turn', 'forwards' and 'backwards' to help Ranjit find the quickest route out of the maze.

He cannot cross a blue line or walk through an alien.
