# Part A: Pupil premium strategy plan

## Statement of intent

Common barriers to learning for disadvantaged children at St Catherine's can include but are not limited to: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no "one size fits all". We understand that there is not a 'typical' Pupil Premium child.

### **Our main objectives are:**

- To ensure that the totality of provision for Pupil Premium children is effective.
- To close the attainment gap between disadvantaged and non-disadvantaged children.
- For all of our disadvantaged children to make progress in line with the nationally expected progress rates.
- To support our disadvantaged children with their health and well-being so that they are ready to learn and can access their learning at an appropriate level.

### **We aim to do this by:**

- Ensuring that all children have access to high quality teaching and learning (quality first teaching and latest EEF research).
- Putting appropriate provision in place for disadvantaged pupils, especially those that belong to other vulnerable groups.
- Monitoring the progress of disadvantaged pupils regularly and assessing the impact of provisions.
- Promoting ambition and having high expectations of all disadvantaged children.

### **Achieving these objectives:**

- High quality teaching with targeted support, alongside the use of collaborative learning structures.
- Use the catch-up funding effectively for children who have fallen behind as a result of COVID-19.
- Research-based interventions put into place and monitored to assess impact.
- Provide further enrichment and leadership opportunities for disadvantaged children.
- Monitor progress regularly and evaluate outcomes robustly.
- Addressing emotional and social needs through emotion coaching and restorative practice to improve well-being and readiness to learn.
- Support payment for enrichment activities, educational visits and residential trips, ensuring children have first-hand experiences to use in their learning in the classroom.
- Use Pastoral Support and Family Liaison Leader to improve parental engagement and involvement.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

6	Writing outcomes for disadvantaged pupils

## Intended outcomes

## Further information (optional)

- As part of our Pupil Premium offer, all Pupil Premium eligible children will receive Assertive Mentoring targets from their class teacher. These targets are written by class teachers, using their professional judgement alongside pupil and parent voice. The assertive mentoring targets will take into account the pupils strengths, current attainment and aspirations. In addition to this, teachers outline targets and plans specific to that child. This can be seen by parents, which enables them to support their child at home. The Assertive Mentoring targets are a working document and are reviewed regularly by teachers, parents and children.
- Pupil Premium children are discussed at length in pupil progress meetings
- Teachers and TA's are aware of disadvantaged pupils and CPD/support has been implemented where necessary
- Close monitoring by SLT & Appraisal targets include new strategies
- bottom 20% of readers have approaches in place as well as being heard to read daily
- numerous enrichment activities for Pupil Premium children offered
- Pupil premium pupils are prioritised for sports competitions and activities where appropriate
- PP children have targeted teaching through the National Tutoring Programme (dependent on current attainment).
- Priority access to all school led clubs, including multi-sports, free of charge where appropriate
- Reduced music lessons for one musical instrument within an academic year –
- school trips and planned workshops throughout the year can be subsidised or fully funded as needed to best support families.
- Children who are identified as Pupil Premium are also encouraged to apply for leadership roles across the school such as GIFT Team and Caritas ambassadors as well as sports leaders. We know that these opportunities develop children's confidence and life-long ambitions to become leaders of the future.
- We recognise that there are socially disadvantaged children who are not registered or do not qualify for Free School Meals, but who will benefit from the pupil premium alongside disadvantaged pupils and the wider class. The EEF states that: 'The Pupil Premium is designed to support schools to raise the attainment of disadvantaged children. However, many of the most effective ways to do this – including improving the quality of teaching – will also benefit other groups: that is fine. Likewise, some forms of targeted academic support or wider strategies will benefit other children, including children with Special Educational Needs and Children in Need.'
